

Errata: Knots Unravelled

Page 51 delete the second “not” from the last sentence of the second paragraph, so that it reads:

This follows from fact that the unknot is not three-colourable and the trefoil is, so the trefoil is definitely knotted.

Page 93 interchange “(b)” and “(c)” in the solution to Task 2.5, so that it reads:

Diagrams (a) and (c) show actual knots; both are the same knot. Diagram (b) shows an unknotted loop.
